OVERVIEW

400 SQFT

1 Bedroom

1 Bathroom

Recommended for buyers interested in larger cabins, the Light-Haus is named for its sophisticated oversized doors and windows that allow for generous views in every room and abundant natural light. Similar to the Mod-Haus floor plan, this cabin features a modern shed roof paired with traditional exterior wood siding for an overall rustic texture that stands the test of durability while keeping a warm, inviting feel. Solid surface countertops paired with high grade cabinetry and soft close doors and all the necessary hardware, fixtures, and appliances make the space feel luxurious yet convenient – we take care of the complicated decisions so you can focus on furnishing. The bathroom maximizes space and efficiency with a European style glass shower, full tile in the bathroom, high end fixtures, and a closet large enough for both an optional combo washer/dryer and a linen shelf. Once on site, you can add a large deck to double your outside/inside living area. The Light-Haus is designed as a 400 sq. ft. home but has the ability to be a modular design.

AMENITIES

- 10.5ft wide x 38 ft long
- Sleeps up to 4 adults
- Long & lean with huge window
